

INFORMATION SHEET 3

ILKLEY BID HELPING LOCAL BUSINESSES

Introduction

Following the previous two information sheet regarding the possible creation of a Business Improvement District (BID) in Ilkley, this is the third of a series of updates for businesses on the proposals.

Possible BID projects

As part of the development of a BID proposal for Ilkley, the proposed main project areas which have been suggested for the town following extensive consultation with businesses over the past 10 months are as follows:

Being a recognised voice

to represent the interests of

Ilkley businesses

Ilkley had a great deal of offer in terms of retail and manufacturing. I feel that BIDs are a modern-day way of collaboratively helping those businesses.

Our vision

The Ilkley BID will work to deliver a brighter future for llkley.

The Ilkley BID will help business to flourish and attract visitors. Supporting the Ilkley BID is a vote of confidence in your business.

Ilkley will prosper if we work together; from pubs and bakeries to recruiters and designers, everyone will benefit from the **Ilkley BID.**

We need the views of as many businesses as possible to shape the Business Plan, so please tell us which projects you would like to see included under the main project areas.

Towards a Business Plan for llklev

As part of the BID process, we will shortly be moving towards the production of a draft Business Plan, which will create detailed and fully-costed proposals for the town over the next five years.

This plan, once finalised after further consultation with businesses, will form the document which will be voted on next Spring.

A reminder of the proposed timings

A reminder of how much businesses are being asked to invest and the money raised

A levy of 1.5% is being considered in Ilkley, which means that a small business with a rateable value of £10.000 would invest £150 per vear, a medium sized business with a rateable value of £75,000 would invest £1125 per year and a large business with a rateable value of £150,000 would invest £2250 per year. This would generate approximately £120,000 per year, which we would also expect to be supplemented by contributions from businesses and organisations outside the town centre.

I support the bid because I want to see Ilkley thrive, both for businesses and visitors. With a group of individuals from Ilkley businesses who have the drive and passion to try boost the town's appeal for the businesses within it, I can't see why I wouldn't support it!
